TRAINER

NESA ACCREDITED PROFESSIONAL DEVELOPMENT FOR HPE TEACHERS

AS AN HPE TEACHER YOU QUALIFY FOR RPL TO BECOME A PERSONAL TRAINER & GYM INSTRUCTOR

As you have already completed similar modules from the Certificate III & IV in Fitness as a part of your HPE degree, your study will be fast tracked to complete the qualifications. You will only need to complete specific components of each Certificate to become a fully qualified Gym Instructor and Personal Trainer.

This is the first and only course designed for HPE teachers to obtain the Certificate III and IV in Fitness. AFA have mapped the skills and knowledge of HPE teachers to determine the RPL (Recognition of Prior Learning).

This is a practical, professional development course that will enable you to conduct personal training sessions as a part-time job if you wish – an excellent additional income stream.

The course is NESA accredited and will contribute towards your professional development hours.
